## NATIVITY SCAVENGER HUNT

### Week 3: Luke 2; Matthew 2

Credit for this idea goes to Allison McDonald at No Time for Flash Cards.

Sometimes it's hard for young children to focus on gospel lessons and really understand who is doing what. This interactive nativity scavenger hunt is a good way to get them involved in the story. And hopefully, it will help them better remember everyone involved.

**Materials:** nativity scene you would be comfortable with your kids handling, slips of paper with clues (found below the instructions), and a nativity book or scriptures

- Set up the nativity scene.
- Read the nativity story from a children's book or the scriptures (Luke 2 and Matthew 2) with your family. As you go, make sure you point out the individual people in the scene as they come up in the story.
- Have the children go into a separate room while you hide the nativity pieces around the house.
- Have the children come back out and let them pick one slip of paper. Each slip of paper will describe someone in the nativity and give your kids a clue as to where they can be found in the house (a printable version of these can be found below or you can make your own if you wish).
- Once the kids have found the nativity piece, briefly discuss who that person is and place them back where they belong in the nativity scene.
- Continue until all of the nativity pieces have been found and returned to the nativity scene.

\*You can change the clues or process according to your children's ages and learning levels.
